PEARL PENDANT

Pearl is a collection of lamps inspired by ancient Japanese lanterns.

The lantern shaped light source of opal glass is half hidden behind a flexible metal screen. The perforated metal screen filters the light and can be turned around to create unique lighting installations.

The lampshade is mounted to a sleek metal frame, adding a certain lightness to the lamp. Pearl is made of plated metal subsequent hand brushed and comes in a pendant and floor lamp.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.
