

Pett, table

design Diesel Creative Team

A strange winged animal lands on your desk or next to your bed, both vaguely ancestral and rock inspired: Pett has arrived. Its diffuser evokes the wings of a bat, the roof of a Gothic building or the atmosphere of a black comic book.

Friendly but at the same time somehow caustically wicked as its spikiness, relief ribs and striped rubber feet highlight, it is an irresistible fun cult object for the young, an original expression of contemporary pop culture for everyone and anywhere – a faithful roommate or unconventional gift idea.

Pett, table

technical info

Description

Table lamp with direct light onto the table surface. Glossy batch-dyed injection-moulded ABS diffuser, adjustable along the vertical axis. The base is a powder-coated tubular steel frame and the feet are made of soft scratch-resistant thermoplastic material. The first part of the black electrical cable is covered with a Diesel silk-screen printed sheath. The Diesel logo is also featured in the brushed aluminium washer placed at the diffuser head, customised packaging box.

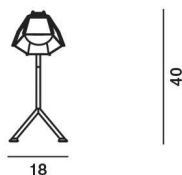

Materials: Batch-dyed ABS, coated steel and thermoplastic elastomer

Colours: White, Black, Blue, Fuchsia

Pett, table

Diesel Creative Team

In 2009, Foscarini signed a partnership agreement with Diesel as part of the "Home Collection" home furnishings and lifestyle project. This partnership has given Foscarini the opportunity to make contact with a new target clientele and explore new lifestyles and furnishing trends through a collection conceived by Diesel for its own target group: "Diesel Living with Foscarini".

The Diesel Living with Foscarini collection speaks a range of different languages - from rock to pop, industrial to vintage, graphics to art - to illustrate the unmistakable Diesel lifestyle. Ironic, transgressive, eclectic, incandescent, the collection is made up of over 40 different lamp models. The collection is structured into a range of forms, materials and intended uses, lending itself to unexpected and unconventional settings, from domestic to public environments, always with a strong personality. The materials selected and researched for Foscarini, and perhaps even more so in the Diesel Living with Foscarini collection, are of the utmost importance. Materials which have never before been used in the lighting industry are the collection's added value.
