A captivating, unconventional mirror for any setting

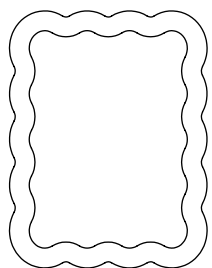

An eye-catching design, that combines both decorative and functional elements, making it an enchanting addition to any room in the home. Illu presents an unconventional mirror with a playful expression and an intriguing frame that illuminates the mirror itself, adding character and finesse to the design. The winding frame is designed with a specific thickness to make room for the integrated lighting, ensuring the right ambiance. When lit, the frame becomes an illumination, presenting a distinct character that enchantingly transforms the mirror

Product Facts

Description

Illu is an eye-catching mirror characterized by a distinctive wavy frame with built-in, dimmable LED light. The unique design makes Illu an equally decorative and functional mirror for any room in the home. Illu Mirror comes in three different sizes.

Designer / Year Of Design

Simon Legald / 2023

Material

Glass mirror, PMMA (Acrylic), powder-coated steel

Construction

Illu Mirror is constructed with a plastic frame made of white matte acrylic (PMMA) and a mirror that is 5 mm thick. The mirror is expertly cut to conform to the shape of the frame and mounted onto a powder-coated steel plate for stability. The frame is equipped with a dimmable LED light that is integrated seamlessly.

IP rating:

IP20.

Maintenance

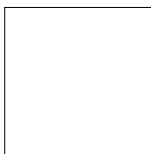

Clean the frame with a damp cloth and the mirror with a microfiber cloth and glass cleaner.
