BAR CHAIR

DESIGN BY FRÉDÉRIC SOFIA

REFERENCE (PRODUCT) 4103

Fermob is bending over backwards to keep pace with evolving lifestyles. This high, stacking, comfortable chair is the latest addition to the vast Luxembourg range.

Its seat features the same design as the classic aluminium chair – only this time it's higher. Tuck into a delicious meal with your head practically in the clouds! This metal bar stool with backrest looks great alongside the garden pedestal table and the high table from the same collection. Ultra-resistant, quiet and stacking, this aluminium bar chair has all the qualities to take pride of place on your terrace, even by the sea.

Choose pieces from the rest of the Luxembourg collection to create your perfect garden furniture set, and mix and match all 24 shades of the Fermob colour chart.
