

Stella
Box-Bed

SKU:

C02-012-01-S/SM/M/L, C02-012-02-S/SM/M/L,
C02-012-03-S/SM/M/L

Description:

The Stella dog bed combines a simple design with superior comfort. It comes in the classic MiaCara box bed shape and is upholstered with the stylish Stella fabric to create the coziest lounge look in your home. The straightforward design is complemented by a leather strap for easy carrying.

The Stella bed features sturdy bolsters for stability while creating the perfect nesting environment for your dog. An innovative mattress made from viscoelastic foam supports your dog's body in all the right places. The material adapts perfectly to the dog's body shape and provides exceptional support for his spine and joints.

The soft yet durable cover zips off easily, and both the cover and the inner cushions and mattress are machine washable. Available in four sizes and three subdued colours to fit your hound and home.

Material:

- Inner cushion: cotton blend fabric 60% Cotton/ 40% Polyester
- Foam parts: 100% Polyurethan
- Cover: 100% Trevira CS

Foam properties:

- stable and durable
- climatising
- hypoallergenic
- permanently elastic

Care Instructions:

Inner Cushion Sides: 60° C gentle wash cycle

The cushion filling is made of extremely soft, open cell foam. To obtain the excellent properties of this material in the long run, the cushion should be maintained and cleaned accordingly.

The best cleaning procedure for the inner cushion is to laundry it with a commercially available mild detergents at temperatures up to 60° C. It is not recommended to use highly chlorinated and chemically aggressive washing additives. A brownish discoloration of the foam can not be avoided, but has no effect on the quality of the foam.

After washing and rinsing please remove as much water as possible through the spin cycle. The inner cushion can be best dried by air on a rack. It can also be tumble dried at 90° C, but please avoid over-drying.

Please plump up the inner cushion regularly so that it retains its fluffiness and shape.

Mattress: 30° C gentle wash cycle

Wet wash with a commercially available mild detergent at temperatures up to 30° C. It is not recommended to use highly chlorinated and chemically aggressive washing additives as this can damage the memory foam when drying.

After washing and rinsing please remove as much water as possible through the spin cycle. The mattress can be best dried by air on a rack. It can also be tumble dried at 90° C.

Cover: 60° C wash cycle

The fabric is washable at 60° C or can be dry cleaned. After washing, best let the cover air dry on a rack. Do not put the cover in the dryer. If needed, iron the fabric at low level.

Please note that by intensive use the surface of the fabric may be roughened and lint nodules can form (so called pilling). This cannot entirely be prevented and is therefore no reason for complaint.

For simple and uncomplicated cleaning in between, simply vacuum the cover with an upholstery brush.
