

## NOMAD 2X LED AR111 1-10V GI

If you're in for industrial design with a retro touch, revisit Nomad. More precisely, the new Nomad LED. Arguably Modular's flagship product, Nomad never settles. It is loyal, however. Now sporting tiny new drivers, and a new LED unit that looks exactly like the luminaire's first halogen bulb, Nomad LED respects the original design to perfection. Available in fittings of 2x and 4x light units, in white structure, black or aluminium, with or without integrated gear. The sweetheart of architects is back for your next project.
