

# BASE TABLE

**MIKA TOLVANEN ON THE DESIGN** "I wanted the table to have its own character but not be imposing. The design aim was to reduce the table to its archetypal form. The functional simplicity of Base is supported by behind-the-scenes technology to create a slim, lightweight and strong table. At the same time, Base is friendly and welcoming in the way it looks. The result is a versatile metal frame table that can be extended into a very large conference table or just as easily used as a simple dining room table."

## DESCRIPTION

A high quality and versatile table series, that casts the iconic shape of a table, as straight forward as a child's drawing. The tables have a lightness in its design that adds an interesting contrast to the table's strength and robust materials.

## PRODUCTION PROCESS

The table base's legs and corner parts are extruded from aluminium to give the acrylic lacquer used to color the base, the most homogeneous surface. The table-top is cut from furniture board and finished off with either a laminate or a linoleum surface.

## MATERIAL

Table base is made from extruded aluminium with an extra durable acrylic paint. Table top in either furniture board with laminate surface and ABS edges or table top in plywood with linoleum surface.

## CLEANING AND CARE

Clean the table with a damp cloth. If necessary use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. For linoleum versions it is recommended to use a linoleum polish on the surface 2-3 times a year.

## SPARE PARTS

Adjustable set screws and castors as well as a cable management system is sold separately.
